DAY 2 Isabela Island: **OPTION 1:** Hike Sierra Negra + Chico Volcanoes / Snorkel at Concha Perla **OPTION 2:** Trekking tour to the Sulphur mines (extra cost – please ask)

(This day you may choose **ONE** of the following options)

OPTION 1: Sierra Negra Volcano Hike + Chico Volcano **PM**. Snorkel Concha Perla. Early in the morning (8:00 am), after breakfast, you will get ready for the **Sierra Negra Volcano hike** (comfortable clothes, walking shoes and a light rain jacket are recommended). Make sure your camera is stored in waterproof bags, wear some sunscreen, bring water, and a hat! A box lunch will be prepared by yourself at the hotel with the foodstuff of your choice. We will then travel approximately 45 minutes by truck or bus to begin the 12 km hike (appx. 4 hours). The hike is long in terms of distance, but not very difficult as the inclines and declines are quite gradual. **There is an option to ride horses for an additional cost, and if interested please let us know beforehand.** Sierra Negra Volcano has the second largest crater in the world, measuring approximately 6 miles in

diameter and 300 feet deep. We will reach **Chico Volcano** before heading back, which should provide a spectacular view of the incredible moonlike terrain.

Once we get back to the hotel we will take a short break to rest. On the afternoon you will get to do some fine snorkeling in **Concha Perla**. There you can swim with sea lions, colorful varieties of fish, and with luck sea turtles and rays. Return to the hotel to rest before heading to dinner at a local restaurant indicated by the guide.

OPTION 2: Trekking to the Sulfur Mines of the Sierra Negra Volcano (extra cost)

At the specified time, we will pick you up from your hotel on Isabela Island to start this tour of the **sulfur mines**. After a 45-minute drive, we will arrive at our destination, on the outskirts of the Sierra Negra Volcano. We will explore the western side of the Sierra Negra caldera towards the famous sulfur mines of Isabela Island. Once here, we will immerse ourselves in the island's natural beauty with a walk through the Sierra Negra volcano caldera. We will explore different hiking trails leading to the stunning sulfur mines. We will see fields covered with yellow rocks, created by the cooling of gases. We will undertake a 2-kilometer hike, crossing a steep cliff while admiring the cone and its vents. The best part awaits near the entrance to the Sierra Negra crater, with breathtaking panoramic views and the opportunity to witness more sulfur fumaroles. Before concluding the visit to the sulfur mines, we will stop to recharge. We will enjoy a delicious picnic-style box lunch consisting of a sandwich, juice, and fresh fruit. After 4-5 hours, we will return to your hotel on Isabela Island.

After a short rest, we will proceed to try on the snorkeling equipment and head to **Concha Perla**. Here, we can observe a wide variety of fish, sea urchins, the occasional sea lion, and with luck, sea turtles. After a break at the hotel, dinner will be served at the specified restaurant.

DAY 3

Isabela Island: Kayaks in Puerto Villamil / Humedales Bike Ride

After breakfast and depending on the tide, we will make our way to the dock and prepare for the **kayaking excursion**. After listening to the instructions and safety precautions, and once equipped with lifejackets and oars, you will begin rowing towards **Tintoreras Islet** where you will be able to observe a variety of fauna from our kayaks, including **Penguins, Blue-footed Boobies, and Marine Iguanas**. You will make our way up to **El Faro** before heading back to shore (appx. 2 hours). Return to the hotel for lunch.

In the afternoon we will get ready with our bikes for a ride towards **Humedales Trail Complex**. Our first stop is the **Giant Tortoise Breeding Center** of Isabela. Between 1946 and 1959 Isabela Island was used as a penal colony by the Ecuadorian government, and the prisoners were obligated to construct this wall out of the sharp and hard volcanic rocks. The name is derived from the arduous work and harsh conditions in which the prisoners work and by which many lost their lives. We will get back on our bikes and return to the hotel to rest before heading to dinner.

Cabo Rosa aka. Los Tuneles. is perhaps one of the most beautiful sights in the archipelago. Continuous volcanic eruptions petrified into tunnel-like lava formations right in the middle of the sea, and crystal clear turquoise water allows an amazing view of marine vegetation and playful sea lions. The tour begins early at 8:00am via speedboat and the first stop is a small islet in the middle of the ocean, home to pelicans, blue-footed boobies, and sea lions. **Finados** snorkeling site is the next stop, where you can swim next to sea turtles, **Tintoreras** sharks (endemic to the islands), trumpet fish and surgeonfish.
